EXPERIENCE

Zestos Ventures Pvt Ltd (Gharpadharo)

06/2025 – 09/2025

Full Stack Developer Intern

- Collaborated with founders in daily meetings to define features, resolve blockers, and align on deployment.
- Developed the company’s Careers platform, managing both frontend UI and backend API integration.
- Engineered a responsive, cross-device UI for the Club Website to ensure a seamless user experience.

SKILLS

Languages : Javascript, Typescript, SQL

Frontend: HTML, CSS, React.js, Next.js, Redux Toolkit, Tailwind CSS

Backend: Node.js, Express.js, MongoDB, Mongoose, JWT, REST APIs, Socket.IO

Tools & Platforms: Git, GitHub, Postman, Firebase, Razorpay, Vercel, Render, Netlify, Resend

PROJECTS

Notexa : Live Link 

10/2025 – 01/2026

Tech Stack: Next.js , Node.js , Express.js , MongoDB , Razorpay

- Built a full-stack platform enabling students to access and sell handwritten and digital academic notes, featuring a secure student-focused earning model with fair revenue sharing for creators.
- Developed a robust role-based authentication system with a dedicated admin panel for efficient platform management.
- Developed 20+ REST APIs using Node.js and Express.js to manage users, notes, orders, and payments with validation.
- Integrated Razorpay payments and built an SEO-optimized Next.js frontend with responsive UI and fast performance.
- Implemented an AI-powered RAG chatbot using embeddings and vector search for user query resolution.

Roomio : Live Link 

03/2026 – Present

Tech Stack: Next.js , Typescript, Node.js , Express.js , MongoDB

- Developed a full-stack platform to help users find compatible roommates/flatmates based on preferences and lifestyle.
- Implemented a profile-based matching system to recommend relevant listings and improve user engagement.
- Built secure authentication using JWT and developed a personalized dashboard to manage roommate requests.
- Designed and developed a responsive, modern, and user-friendly UI using Next.js and Tailwind CSS, ensuring seamless performance and consistent experience across different devices and screen sizes.
- Developed a real-time chat system using Socket.io featuring typing indicators, user presence, and read receipts.

DevStackr : Live Link 

06/2025 – 07/2025

Tech Stack: MongoDB, Express.js, React.js, Node.js, Socket.io, Mongoose, Redux Toolkit, Tailwind CSS

- Built a full-stack social platform for developers to connect, collaborate, and share ideas.
- Implemented customizable user profiles with bio, skills, GitHub, portfolio links, and profile image upload.
- Developed advanced post management features including creation, editing, deletion, likes, comments, and media support.
- Enabled real-time 1-on-1 chat using Socket.io and implemented JWT-based authentication with protected routes.
- Designed a responsive, SEO-friendly UI with dark mode, smooth animations, and developer search functionality.
